

## **O Shine**

Anthony Celia

### **Verse 1**

we are not all blind  
everyone can see  
the world is not  
as it was designed to be

### **Verse 2**

the darkness has made it's home  
in the young and old  
but the light is breaking fourth  
in the dead of night

### **Chorus**

so, shine, o shine  
won't YOU shine YOUR light on us  
and over come the night with hope and love  
shine, o shine

### **Verse 3**

YOU say a day will come  
a day the darkness fears  
a day the light will reign  
over everything

### **Verse 4**

tell that day has come  
we will cling to the ONE  
who is the source of light  
that will never fade

### **Bridge**

open up our eyes  
to YOUR glorious light
