

The United States Adaptive Recreation Center invites you to a 2018 Summer Session!

The United States Adaptive Recreation Center is preparing another summer of fun and adventure, offering instruction in water skiing, Jet skiing, fishing, sailing and paddlesports. In addition to the successful two-day, two-night program format of past summers, we are once again offering single day participation in water skiing and Jet skiing. For water contact sports, swimming ability is not necessary, but all participants must wear a flotation vest and be able to hold their breath and right themselves from a face down position in 10 seconds. However, for safety reasons, participation may be limited or prevented due to certain disabilities or other factors.

Reservations can be made no earlier than 9:00am Tuesday, May 15, 2018 by telephoning 909-584-0269 (all messages left on our voice mail will be erased at 8:59am). Messages will be returned in the order received (this may take up to 72 hrs), and no reservations will be accepted by email*. Groups are limited to 10 participants per session (this number includes staff and family members), and may only sign up for a maximum of one overnight session and one day session. However, your group may be placed on the waiting list for as many sessions as you like. On May 31, 2017, two weeks after registration begins, groups or individuals may book additional dates if available. All sessions are booked on a first-come, first-served basis. Please be prepared with the following information when requesting a reservation, or leaving a message.

Based at Serrano Campground in Big Bear Lake, these sessions feature instruction in the above water sports activities combined with an accessible camping experience at night. Serrano Campground's accessible toilets and showers, as well as some paved surfaces, blend some necessary conveniences with a wilderness experience, and electrical outlets are available in nearby facilities. Still, an element of rugged individualism should be expected!

Unlike the USARC winter program, non-disabled family, friends, and aides of those participants with a disability are welcome, and required to pay the fee, yet may participate fully. Due to space and other factors, **non-paying guests may not attend.** Fees include a campfire snack on the first evening and all meals through lunch on the last day, camping fees, permits and licenses, instruction and use of all water activity equipment. Among other personal items, participants must provide their own sleeping bag and a washable or disposable place setting (cup, plate, bowl, utensils). **Daily transportation to and from Serrano Campground is not provided by USARC.** Taxi service is available with Big Bear Taxi (909-866-TAXI) or Off Road Adventures (909-585-1036.) Overnight sessions begin at 5:00 pm on the first date at Serrano campground and conclude at 4:00 pm on the last date at The Lakeside Boathouse Tavern/The Pines Marina.
