**Story**

The history of the Estate goes back to 1849. It has been handed over from father to son and is located in the heart of the Loire region, in Saint Julien de Chédon, a very small village close to Montrichard. It is part of the Touraine area. Today this Estate is ran by Laurent Benoist and his wife Estelle. They strongly invested with new technologies to have a brand new cellar to keep improving the quality of their wines. The environmental factor is also very important with only sustainable farming, leaving the grass in between the rows, manual leafing, pre-harvest to have less grapes and a better homogeneous quality.
