

The Good Times

- V1 You came out breathing
You came out bruised
So much to gain
But oh so much to lose
You were tired
And you were along
Looking for answers
When you needed them the most
- C Those were the good times
Those were the bad
Two worlds colliding into one
Those were the heartaches
Those were the laughs
All that emotion coming undone
- V2 No words were spoken
But you said so much
Cold blank stares
And cold, cold hands to touch
Pick up the pieces
From all you had back then
Keep looking forward
But don't forget where you've been
- B And I wouldn't trade it for anything
I wouldn't trade it at all
I'd do it over any day
Oh anytime at all

Guess I'll Never Know

- V1 In the morning
On the seventh day of May
A couple years ago
Through crying eyes
And a broken heart
I let you go
- C1 Guess I'll never know
Just how much that hurt you
Guess I'll never know
Just what was false and what was true
Just what was false and what was true
- V2 I left you thinking
On your bed of blue
Glasses in your hand
If you could only see
How you saw now
Before this all began
- C2 Guess I'll never know
Why you sat there and said nothing
Guess I'll never know
How we turned that into something
How we turned that into something
- B Let's just remember
All the good times we had
All the laughs we used to share
Let's not forget
That we were once best of friends
And how we used to care
- V3 As I held you hand
I saw a glimpse of light
I had seen so long ago
And as you walked away
And out of sight
The questions began to grow

Always Be

- V1 Close your eyes my love
The morning light comes all too soon
Safe here in our arms
All our love is here for you
- C1 It will take you
Over and under the stars above
It will lead you
Farther than you ever dreamed
When trouble surrounds you
When times get tough
Remember our love for you
Will Always be
- V2 Snuggle down my love
Let your dreams carry you away
To far off places you will go
All the while you'll be safe at home
- C2 And you'll go
Over and under the stars above
You'll go
Farther than you ever dreamed
When trouble surrounds you
When times get tough
Remember our love for you
Will Always be
- V3 When you're all grown my love
In this world living on your own
If you get lonesome
Find your way back home
- C3 We'll go
Over and under the stars above
We'll go
Farther than you ever dreamed
When trouble surrounds you
When times get tough
Remember our love for you
Will Always be

Wasn't Meant For Me

- V1 You say you're
Kicking me out
On the street tonight
But I've not treated you wrong,
Only well, only right
- C Looks like I'm out
Looks like you're free
Baby you don't need me
Looks like I'm out
Looks like you're free
I guess what was
Meant to be
Wasn't meant for, for me
- V2 Don't know why I chose
To play your games
I should have left them alone
Should have walked, walked away
- B Strange how life
Has its ways of turning 'round
Monday you're floating
By Tuesday you've drown
Seasons keep changing
Winter, spring, summer, fall
You keep re-arranging
Well that's not my fault
-

Not A Day At All

- C You mean more to me
 Then you can see
 You turn my darkness into light
 My blindness into sight
 A day without your love
 Is a day I do not covet
 In fact a day without you
 Is not a day at all
- V1 A day without you
 Is not a day at all
 The sun doesn't rise
 And my spirits fall
 Obviously you don't see
 Exactly what you are to me
 What you are to me
- V2 Going nowhere
 Is where I'll be
 If you're not walking
 Right beside me
 For some odd reason
 I don't know
 I guess it just don't show
 I guess it doesn't show
- B My love may not be tried
 But it's true
 You may not see it
 But it's all for you
 It's there although
 You don't have a clue
 Or do you?
- V3 I've told you once
 I've told you a thousand times
 But you don't seem to hear
 These words of mine
 Perhaps I've not been clear enough
 In showing you this love
 Showing you my love
-

The Ones They Loved

- A The ground was turned this afternoon
 The spot beneath the old
 Weeping willow
 Heads were hung in heavy sighs
 And tears were had with long goodbyes
- B And the children would find
 There mother a cryin'
 Lyin' upon the floor
 Comforting her
 Their words
 They would sooth her
 Sayin' Mama don't you worry
 No more
- C But the father he heard
 Their prayers offered
 Up to the heavens above
 And the angels they sang
 Glorious praise
 To the ones they loved
- A The children went to school each day
 Dragging one foot and then the other
 The days were short
 The nights were long
 Their hearts they wept for each other
- B Oh but they moved on
 And the wife she remarried
 But things were just not the same
 For once a heart
 has known one true lover
 Sometimes it just can't be changed
