YOU PROVIDE:

- ✦ Breakdowns of the gaming character voices that you would like to record, at least 2 weeks in advance of the recording session. Scripts will be written for you based on these.

- ✦ Any of your own scripts that you would like to bring along – provided these are original and not taken from existing game dialogue
- ✦ written testimonial for Sounds Wilde® that can be used on the Sounds Wilde® website

THE PROCESS:

- ✦ After initial contact we will schedule a 30min phone consultation to discuss your requirements, your character voice experience and skills and the types of gaming characters you would like to record.
- ✦ Once a recording session has been booked for a specific date and time, I will send you information and T&Cs for the session and an invoice for the **non-refundable £100 deposit**
- ✦ Once the deposit has been paid, I will send you a booking confirmation and scripts (as discussed in our consultation)

PLEASE NOTE: *The booking is ONLY confirmed once the deposit has been paid. Scripts will not be sent until the deposit has been paid.*

- ✦ Prior to the recording session, you decide on 5 – 8 gaming characters that you wish to record. I can write scripts or you can write your own with my input. It's better to have a smaller number of strong characters you can do really well than a larger number of characters that you're not completely confident performing. For gaming reels, capturing 5-6 strong characters is fine.
- ✦ On the day of the recording session we will record your scripts. It's a relaxed process with opportunities for breaks and cups of tea! Please feel free to bring along lunch and snacks, a fridge and microwave will be available for your use.
- ✦ Following the recording session your tracks will be mixed with music and effects and the finished results sent to you within 4 weeks of the recording session, or as otherwise advised.
- ✦ Once you have been sent the finished results, you can request *up to 2 major changes and several minor changes to the mixed recordings at no extra charge*, bearing in mind that tracks cannot be re-recorded without extra studio time being booked
- ✦ Any subsequent changes will be charged at £10 per change requested.
- ✦ Once you are happy with the mixes and tracks, I will send any edited versions and your final invoice. A voice-only version of your final reel can be provided on request, for an additional £20. I would also very much appreciate

it if you could provide a written testimonial.
