

# I'm Alive

(Key of G)  
Written by Nate Moore

## Verse 1:

**C**        **D**        **Em**  
I'll never be the same  
**C**  
Because you've killed my flesh  
      **D**                **G**  
And changed my name

## Verse 2:

The old is gone and the new has come  
You've crowned me with life  
And called me a son

## Chorus:

**C**                **D**  
Oh, oh, oh, oh  
      **Em**        **D**  
Oh, oh, I'm alive!

## Bridge:

**Em**  
The power of the Cross  
**D**  
Has reconciled the lost  
**C**                **D**  
Now I am free, You've set me free!

The beauty of the blood  
It is finished, it is done  
The battle is won, it's already won!
