VERSE 1

C#m Amaj7 A6 A A6

Darkness has fallen upon this land we find we're strangers in

C#m Amaj7 A6 A A6

Shadows and figures around, reminders of the pain of sin

C#m Amaj7 A6 A A6

Hanging on to hope that God will somehow enter in

F#m B C#m F#m B C#m

O God, please come O God, please come

VERSE 2

Stories that tell of a time when God and man walked hand in hand

Fallen away and eclipsed by the cloud that hangs above this land

Still we long for the day that those stories become real again

O God, please come

CHORUS 1

A B E/G#

O child of God, fear not the dark

C#m B

You will see a great light

A B E/G#

The One foretold, a Prince of Peace

C#m B A B C#m

The Hope of nations

VERSE 3

Striving to make it alone, rejecting heaven's perfect plan

Consumed with our selfish desires, we care not for our fellow man

God we pray for peace that the light will triumph in the end

O God, please come

CHORUS 2

O child of God, fear not the dark

For you will see a great light

The One foretold, a Prince of peace

The Hope of nations

A B E/G#

Lift up your eyes unto the heavens

C#m B A B C#m

And watch and pray O come, O come, Immanuel

ENDING

A B N.C.

O come, O come, Immanuel
