

## **Student Awards**

Each February the American Advertising Federation holds the AAF, Fort Wayne and N.E. Indiana region Advertising Awards. This event recognizes exemplary design by professionals and students (*students compete from four universities*). As Assistant Professor of Graphic Design, for the last three years, students in my program have won top honors in graphic design, including Student Best in Show 2018 and 2019. Following is the complete list of students, awards and categories. Many awards are pictured in the Student section of [gregoroth.com/student-work](http://gregoroth.com/student-work)
