# Celebrate your wedding at beautiful St Mary's Woodend

## Welcome

Built in 1864, St Mary's is one of the original buildings in historic Woodend.

The iconic bluestone building, with its beautiful stained glass windows, set on a hill in lovely garden surrounds, is the perfect venue to celebrate your wedding and share your joy with family and friends.

## Weddings at St Mary's

At St Mary's it is our pleasure to welcome you and your guests as you enter into this most sacred commitment.

### How we can help...

We have adequate parking for your guests, a sweeping circular driveway for your arrival, and beautiful gardens for you to use as a backdrop to your photos.

We also have a wonderful location for your reception in the Norma Richardson Hall, located only a few steps from the church door.

The Hall was built in 2012 and is the perfect venue for you to hold your reception. It comfortably seats 100 people, has a full commercial kitchen, audiovisual facilities and wheel chair access.

## Your Ceremony

To be married in an Anglican Church is to be part of a tradition going back to the 1600's.

The St Mary's wedding service honours this tradition, but also encourages you to bring your own style to your special day.

We can help you plan the perfect ceremony, offer assistance with music choices and ensure that your ceremony is as unique as your love.
