Intro/Interlude:    B   F#m   C#m   G#m  
                          B   F#m   C#m   E

## VERSE 1:

**G#m**            **E**            **B**                    **F#**  
I see forsaken children, I see the tears that fall  
**G#m**            **E**            **B**                    **F#**  
From women's eyes, once merry, now never laugh at all  
**G#m**            **E**            **B**                    **F#**  
I see the sins and sorrows of those who sit in darkness  
**G#m**            **E**            **B**                    **F#**  
I see in lands far distant, the hungry and oppressed  
**C#m**            **B/D#**        **E**            **A**  
But behold, on a hill... Calvary, Calvary...

## CHORUS:

**B**                    **F#m**  
The world for God, the world for God  
**C#m**            **G#m**                    **E**  
I give my heart, I'll do my part; the world for God  
**B**                    **F#m**  
The world for God, the world for God  
**C#m**            **E**            **B**   **F#m**   **C#m**   **E** (to verse 2)  
I'll do my part to reach the world for God  
**B** (to bridge)

## Verse 2:

Give us fire that makes men heroes, turns weakness into might  
The fire that gives the courage to suffer for the fight  
The fire that changes fearing to Pentecostal daring  
The fire that makes me willing to live or die for Christ  
**C#m**            **B/D#**        **E**  
For behold, on a hill... Calvary

## Bridge 1:

**G#m**            **E**                    **G#m**            **E**                    **G#m**            **E**  
This is a call to arms... to the soldiers of the blood and fire  
**F#**  
The world for God (repeat)

## Bridge 2:

**G#m**            **E**                    **G#m** **E**  
Nothing else will satisfy me, nothing else will satisfy me  
**G#m**            **E**                    **F#**  
Nothing else will satisfy me, the world for God (repeat)
