

WEATHERTOP FARM LAMB: WHAT YOU NEED TO KNOW

If you have any questions please call us at (540) 651-2010.

If you need to talk to the processor directly call [Thompson Meat Processing](tel:540-745-4311) 540-745-4311

A few things you should know:

- When you come to pick up the lamb you will need to make two separate payments, one to Weathertop, and one to the processor.
- You can pay with either cash or check, sorry no credit cards
- Current lamb price is \$2.50/lb LIVE weight (this payment is to Weathertop Farm)
- Weights will vary a lot, but for a ball-park estimate, we expect the live weight for a whole lamb to be about 100 lbs.
- Payment to the processor will be \$110/whole lamb flat fee for kill, cut, wrap and freeze. (\$55 for a half)
- The total you can expect to pay for a whole lamb would be about \$360.
- Take-home weight will be around 70% of hanging weight, (about 35% of live weight). From 100 lbs. that would give you about 35 to take home.
- You will need approximately 1.5 cubic feet of freezer space.
- All lamb will be cut to your specification, vacuum packed and frozen.

When you fill out the cutting order please remember you can only choose one or two from each option. Call if you need help! Cuts will be small, don't compare it to pork!
