**As you know, we are currently going to be away from the campus until Friday, April 10th, however; there is still learning that we want you to be able to participate in to finish out the year. You should have received an email this weekend from SBISD with information from the District regarding the Digital Backpack.**

**Next week, teachers will begin pushing out content through itsLearning and other sources. It is important that you are able to access this information and continue learning to finish out the year. You should have been contacted by your advisory teacher regarding this as well.**

**While we may not see you everyday, we want to make sure you are ok. We know that times like this can cause some stress and anxiety.**

**Please reach out if you need us.**
