Welcome to March!

The Stars seem to really grasp bucket filling and have been

making lots of progress socially.

Recently the Stars have shown an interest in baking whether with loose parts, play dough

and slime or during our outside time. We are super excited to welcome Miss April in to bake a very special recipe with our Pre-K classes. The Stars have also had an ongoing interest in animals! We are lucky to be able to take our Pre-K class to our local veterinarian! An email will be sent with details. If you have any hobbies or talents to share, please let us know!

We plan to enjoy the sunshine and look forward to some outdoor play! Splash pants/rubber boots are recommended for the warm weather approaching.

Reminder that we would love to hear from you!

Hugs~Little Star Staff
