

SOMETIMES TO REACH HIGHER, YOUR VISION MUST BE BROADER.

Ready to take your organization to new heights? Broadlane understands the big picture. We help you go further to reduce costs and achieve higher levels of financial performance through our comprehensive set of procurement services. Broadlane works with some of the country's largest integrated delivery networks, as well as thousands of stand-alone facilities, physician offices and surgery centers, to deliver dramatic, industry-leading cost savings. Leveraging economies of scale, we offer best-in-market group purchasing and give you access to a powerful portfolio of national contracts. But that's only part of the picture. Our deep clinical and operational experience and innovative technology help you manage your procurement spending more effectively, delivering superior, verifiable savings. That's the broad idea. To learn more about how we can help, call **866.BROADLN** or visit www.broadlane.com today.
