

## CONFERENCE MATRIX - DAY 1, August 4, 2015 (Tuesday)

7:15 - 8:00	Registration							
8:00 - 8:15								
8:15 - 9:15	Keynote Speaker –							
	<b>CONNECT</b>	<b>Platform / ProjectWise</b>	<b>Civil</b>	<b>Utilities/Plant</b>	<b>Leadership</b>	<b>Vendor Workshops</b>	<b>ProjectWise/Platform Workshops</b>	<b>Civil Workshops</b>
9:30 - 10:30	Introducing MicroStation CONNECT	Introducing ProjectWise CONNECT	Civil Product Update	Working with Bentley SubStation	Topic	Vendor Workshop	Working with ProjectWise and Powershell	Using Civil Cells in OpenRoads
Instructor	Bentley	Bentley	Bentley	Speaker	Speaker			
10:30 - 10:45	BREAK							
10:45 - 11:45	Introducing Bentley Navigator CONNECT Edition	ProjectWise Tips and Tricks	Best Practice: Corridor Modeling	SubStation Case Study	Topic			
Instructor	Bentley	Speaker	Bentley	Speaker	Speaker			
11:45 - 1:00	LUNCH							
1:00 - 2:00	Tips for Upgrading to MicroStation CONNECT	Working with Pull-Down Lists and ProjectWise Attributes	Beyond Corridor Modeling in InRoads	Advantage of Implementing Subsurface Utility Design and Analysis (SUDA)	Topic	Certainty 3D (1:00 - 2:45)	Platform - MicroStation 102: Surviving MicroStation	Intersection Modeling
Instructor	Bentley	Speaker	Bentley	Bentley	Speaker			
2:00 - 2:15	BREAK							
2:15 - 3:15	Creating a Custom User Experience with MicroStation CONNECT	Working with AccuDraw	Best Practice: Earthwork Volume Calculations	Instrumentation and Wiring in OpenPlant	Topic	Vendor Workshop (2:45 - 4:30)		
Instructor	Bentley	Speaker	Bentley	Speaker	Speaker			
3:15 - 3:30	BREAK							
3:30 - 4:30	Enhancing Annotation in MicroStation CONNECT	Working with MicroStation 3D	Best Practice: From Civil Model to Plan Set	OpenPlant P&ID	Topic			
Instructor	Bentley	Speaker	Bentley	Speaker	Speaker			

## CONFERENCE MATRIX - DAY 2, August 5, 2015 (Wednesday)

	CAD Management	Vendor	Civil	Building	Potpourri	CONNECT Workshops	ProjectWise/Platform Workshops	Civil Workshops			
7:30 - 8:15	Registration										
8:15 - 9:15	MicroStation CONNECT Configuration Development	Altiva	Value-Adding all Utilities to the 3D Model	AECOSim Building Designer SS6 Update	MicroStation Descartes and Bentley Pointools	MicroStation CONNECT Sheet Creation, Indexing and Reports	Platform - MicroStation 103: Thriving in MicroStation	QuickStart: Evaluating and Creating Subsurface Utilities			
Instructor	Speaker	Speaker	Speaker	Speaker	Speaker						
9:15 - 9:30	BREAK										
9:30 - 10:30	Managing CAD Standards	Bluebeam	GEOPAK Site SS2 in SS3: Making the Translation	Intro to Generative Components	Bentley Mobile Solution Overview						
Instructor	Speaker	Speaker	Speaker	Speaker	Speaker						
10:30 - 10:45	BREAK										
10:45 - 11:45	Working with Element Templates	Certainty 3D	Civil Visualization	Dynamic Views vs. Cached Visible Edges	Automating Project Deliverables with ProjectWise iModel Composition Server						
Instructor	Speaker	Speaker	Speaker	Speaker	Speaker						
11:45 - 1:00	Lunch Time										
1:00 - 2:00	Customizing the MicroStation Interface	Topic	An Introduction to SITEOPS	Managing your Data - DataGroup Reporting	Printing Best Practices	MicroStation CONNECT Migrating your Configuration	Working with Managed Workspaces	Overlay, Milling and Widening			
Instructor	Speaker	Speaker	Speaker	Speaker	Speaker						
2:00 - 2:15	BREAK										
2:15 - 3:15	CAD Management Roundtable	Platform Roundtable	Civil Roundtable	Interoperability Roundtable	A Picture is Worth a Thousand Lines - but a 3D Model is Priceless						
Instructor	Speaker	Panel	Panel	Panel	Speaker						
3:15 - 3:30	BREAK										
3:30 - 4:30	Game & Giveaways										
Instructor	MACC Committee										
4:30
