

Joan Daoro

For over thirty years Bob and I have lived in Orinda, raised both our children who attended Orinda schools, and were very active in parents' clubs and school activities. Bob also served on the EFO board for many years.

My education includes a MA in adolescent psychology, and prior to having a family I worked as a Deputy Probation Officer for Contra Costa County conducting child custody investigations and recommendations to the Superior Court, and later, managed a juvenile caseload which included investigations, court recommendations and caseload supervision. I also volunteered for several years with CASA (Court Appointed Special Advocates), working with a foster care child.

Bob is a partner with the San Francisco accounting firm of DZH/Phillips and has served on the board of Compass Family Services in San Francisco for twenty-five years.

We are both committed to the goals of the Orinda Task Force, believing it is essential for citizens to ensure all elected officials work diligently and transparently to serve the best interests of their communities.
