### **Junior Tennis Program Mission**

As the BST Pro, with more than 20 years of teaching experience with all ages and levels of play, I aim to teach the fundamentals of the sport of tennis to juniors, striving to provide an atmosphere that is fun where individual improvement is emphasized, and foster a climate that encourages sportsmanship, etiquette, and respect for the sport of tennis at BST and other venues. This goal is intended to develop a passion for tennis through its benefits of practice discipline, skill development, fitness, social, and different types of recreational and tournament play.
