

# NATIONAL HIV AWARENESS MONTH

THE SOLUTION IS ALL OF U.S.

## Sample Tweets

- July is Nat'l HIV Awareness Month. Help us combat HIV stigma and discrimination and end the domestic HIV epidemic. The solution is all of U.S. #HIVMONTH
- To learn more about Nat'l HIV Awareness Month and how we're working to end the domestic HIV crisis, visit [www.nationalhivawarenessmonth.org](http://www.nationalhivawarenessmonth.org) #HIVMONTH
- Did you know that 50,000 Americans are infected with HIV every year? By our count, that's 50,000 too many. What do you think? #HIVMONTH
- There are more people living with HIV in the U.S. than ever before. What are you doing to make a difference? #HIVMONTH
- Think HIV isn't your problem? Approximately 1 in 16 black men will be diagnosed with HIV in his lifetime. Change the Odds #HIVMONTH
- 2.7% of women in Washington DC are HIV positive. Think that's an embarrassing statistic for our nation's capital? Take action. #HIVMONTH
- Even though we know more about HIV than ever before, infection rates have barely changed in the last 30 years. Appalled? Help us change them #HIVMONTH
- Things you don't know about HIV: #1-infections in women are mostly from heterosexual contact or IV drug use. Remember-this affects all of U.S. #HIVMONTH
- Things you don't know about HIV: #2-it's the 3rd leading cause of death for African Americans ages 35-44. You have the power to change that #HIVMONTH
- If HIV is an almost entirely preventable disease, why are there 50,000 new infections in the U.S. every year? Get involved, get tested! #HIVMONTH
- 50,000 Americans infected with HIV every year! That's not okay with me. The solution is all of U.S. #HIVMONTH
- HIV infection rates are going down in Africa, but not in America! We have to change that! The solution is all of U.S. #HIVMONTH
