

My Everything

You made the stars
And placed them in the sky
You formed my heart
And breathed it to life

The angels they sing
Of your great majesty
I fall on my knees
For you are God

*Hallelujah, Lord
Hallelujah, you're my everything
Yes, you are*

You came to earth
And lived as a man
You hung on a tree
To pay all my debt

You rose from the grave
To conquer all sin
You are Christ
The saving one

You are the truth,
The life and the way
You came to this earth to give your life away
