

# If I Didn't Have You

Words and Music by Marty Mikles

## Intro:

E E/G# A2                    E E/G# A2

## Verse 1:

E                                    E/G#                                    A2  
Just let it out, gotta let it out, or I'm gonna burst  
E                                    E/G#                                    A2  
Gotta tell you that I love You 'cause You loved me first  
E                                    E/G#                                    A2  
Something's pent up, it won't let up, gonna overflow out of my soul  
F#                                    A2  
'Cause You are everything to me

(Repeat Verse 1)

## Chorus:

E    F#m C#m  
You are the song I sing  
A2                    E F#m C#m  
You are the air I breathe  
(C#m)                    B/D# E                    F#m E/G#                    A2  
I would have nothing if, if I did not have, didn't have You

## Verse 2:

So just turn it up, Your love burns me up, and I'm on fire  
In my life be glorified, be lifted high  
I'm living loud, gotta shout it out, Your love overflows out of my soul  
'Cause You are everything to me

## Bridge:

C#m                                    E                                    A2  
The air I'm breathing, this heart that's beating, my voice that's singing for You  
C#m                                    E                                    A2  
Creation shouting, and all around me can't live with You  
C#m                                    E                                    A2  
The air I'm breathing, this heart that's beating, my voice that's singing for You  
C#m                                    E                                    A2  
Creation shouting, and all around me can't live with You, You, You, You....
