

Iconic Character Project

This project will explore the iconic elements of character and dress. You will be evaluating what makes these characters instantly recognizable and recreating these elements through modern fashion, historic clothing, and dance costume.

Step One: Select An Iconic Character

You will select ONE iconic character for approval.

Step Two: Evaluate your Icon

You will write a paragraph describing the visual elements of your iconic character- clothing, accessories and hair. If there are iconic symbols or visuals related to their story but not a part of their costume, feel free to add in those details.

Step Three: Collages

You will recreate your icon in THREE separate collages- MODERN FASHION, HISTORIC CLOTHING, and DANCE COSTUME. Each icon should be on their own page with clear headings. These finished collages should be a minimum of 8 1/2" x 11" and should be submitted physically and IN COLOR.
